

Working Paper 376 “Oligopoly extraction of a common property natural resource: The importance of the period of commitment in dynamic games” has been published in *International Economic Review* 26, #1 (Feb. 1985) 161-173.

If you are unable to obtain the published version on the web or library contact the Working Paper Coordinator (sswp@hss.caltech.edu) and we will send you a copy.

If you need the original working paper please e-mail the Working Paper Coordinator to request a copy. We do not have all of the original working papers but will do our best to find a copy. It will most likely be in paper format. If so please include your mailing address.
