

Working Paper 381 “Competitive equilibria in markets for heterogeneous goods under imperfect information: A theoretical analysis with policy implications” has been published in *The Bell Journal of Economics* 13, #1 (Spring, 1982) 181-193.

If you are unable to obtain the published version on the web or library contact the Working Paper Coordinator (sswp@hss.caltech.edu) and we will send you a copy.

If you need the original working paper please e-mail the Working Paper Coordinator to request a copy. We do not have all of the original working papers but will do our best to find a copy. It will most likely be in paper format. If so please include your mailing address.
