

Working Paper 617 “The economics of space station” has been published in *Explorations in space policy: Emerging economic and technical issues*, edited by M. K. Macauley, Resources for the Future and the National Academy of Engineering, Washington, D.C. 1987.

If you need the original working paper please e-mail the Working Paper Coordinator (sswp@hss.caltech.edu) to request a copy. If you are unable to obtain the published version on the web or library contact the Working Paper Coordinator and we will send you a copy.

We do not have all of the original working papers but will do our best to find a copy. It will most likely be in paper format. If so please include your mailing address.
