

Working Paper 956 “Voting is approximately optimal: A characterization of interim efficiency with public goods” has been split and published as two articles.

WP956-1 *Econometrica* V. 67, #2 (1999): 435-448.

Title: “A characterization of interim efficiency with public goods”

WP956-2 *Journal of Public Economics* V. 83 (2002):153-171

Title: “The approximation of efficient public good mechanisms by simple voting schemes”

If you are unable to obtain the published version on the web or library contact the Working Paper Coordinator ([sswp@hss.caltech.edu](mailto:sswp@hss.caltech.edu)) and we will send you a copy.

If you need the original working paper please e-mail the Working Paper Coordinator to request a copy. We do not have all of the original working papers but will do our best to find a copy. It will most likely be in paper format. If so please include your mailing address.
